Enjoy the city!

Ferrara is a quiet city that invites you to walks and **bike** rides. Its ancient Renaissance lay-out with amazingly wide and straight streets has been very well preserved. Its Medieval Quarter, on the other hand, is characterized by its narrow and winding streets and alleys.

The magnificent **Este Castle** irradiates the charm of the Este Family court which is also shown in the famous Schifanoia Palace frescoes. More than this, there are so many fascinating and interesting places you can visit.

We wish you the best time in Ferrara!!
