

## **Prof. HENRYK KOZŁOWSKI**

*Wrocław Research Centre EIT+, Wrocław, PL*

*High Professional Medical School in Opole, PL*

**IUSS COPERNICUS VISITING SCIENTIST 2017**

Ciclo di lezioni

### **"METALS IN BIOLOGY AND MEDICINE"**

**Dipartimento di Scienze Chimiche e Farmaceutiche  
Via Luigi Borsari 46 - Ferrara**

**Aula D4**

### **PROGRAMMA**

<b>Data e ora</b>	<b>Titolo lezione</b>
03/05/2017 - ore 14:30	Introduction to medicinal inorganic chemistry
04/05/2017 - ore 14:30	Gold and silver in medicine
05/05/2017 - ore 14:30	Vanadium and amylin (insulin's less known partner) in diabetes mellitus
09/05/2017 - ore 14:30	Mercury – then and now
10/05/2017 - ore 14:30	How bacteria manage nickel
11/05/2017 - ore 14:30	Iron overload diseases - siderophores and other metallophores
12/05/2017 - ore 14:30	Metal ions and neurodegeneration
15/05/2017 - ore 14:30	Prion proteins and metal ions
16/05/2017 - ore 14:30	Molecular basis of cancer - metals and carcinogenesis
22/05/2017 - ore 14:30	Metal-based anticancer drugs
23/05/2017 - ore 14:30	Role of polyHis tags in bioinorganic chemistry of metal ions
