

Università Degli Studi Di Ferrara
-EX LABORE FRUCTUS-

Purinergetic Signalling from Cell Biology to Oncology

Aula F9, chiostro di farmacologia 23/02/2015

14.00-14.15 Dott.ssa Elena Adinolfi, Università di Ferrara:
“Brief introduction to purinergetic signalling in oncology”.

14.15- 14.45 Prof.ssa Ruth Murrell Lagnado, Department of
Pharmacology, University of Cambridge, UK:
“P2X4 and P2X7: their regulation and involvement in
lysosome function”.

14.45- 15.15 Prof. Sebastien Roger: Université François-
Rabelais de Tours, France:
“P2X7 receptors in the invasive properties of breast cancer
cells”.

15.15-15.45 Prof.ssa Alison Gartland, Mellanby Centre For
Bone Research, University of Sheffield, UK:
“P2 receptors in breast cancer metastasis”.
