

Prof. DAVID L. BISH

**Professor and Haydn Murray Chair of Applied Clay Mineralogy
Indiana University, Department of Geological Sciences, USA
IUSS Copernicus Visiting Scientist 2017**

PROGRAMMA DEL CICLO DI SEMINARI

Dipartimento di Fisica e Scienze della Terra

Via Saragat 1, Blocco F, AULA F2

Data e ora	Titolo Seminario	Ore
06/04/2017 h. 14:30-16:30	'Water' in Minerals is Not Really Water	2
11/04/2017 h. 14:30-16:30	The Mars Science Laboratory Experience	2
12/04/2017 h. 14:30-16:30	Development of X-ray Diffraction for Mars	2
20/04/2017 h. 14:30-16:30	Phase Transitions in Natural Zeolites	2
26/04/2017 h. 14:30-16:30	Neutron Diffraction of Hydrous Minerals	2
27/04/2017 h. 14:30-16:30	The Role of Mineralogy in Radioactive Waste Isolation: Yucca Mountain, Nevada	2
TOTALE ORE		12
