e

Università degli Studi di Ferrara, Via Savonarola, 9 - 44121 Ferrara, C.F. 80007370382, nella persona del suo legale rappresentante, Prof. Pasquale Nappi, di seguito indicata come "Università",

si premette quanto segue.

la società Wiley denominata Wiley Subscription Services Inc, con sede legale in 111 River Street, Hoboken, N.J. 07030, USA, VAT Registration No: EU826000141 da ora in avanti Wiley - è proprietaria e licenziataria dei diritti di accesso alle riviste on line in Wiley library online e di tutti i servizi ad esso connessi;

- i diritti di accesso offerti dalla licenziataria rappresentano una risorsa particolarmente rilevante ed importante per il sistema universitario e della ricerca sia per aspetti legati alla didattica sia per quelli legati alla ricerca, che senza il ricorso ai predetti servizi risulterebbero meno efficaci;
- la licenza comprende l'accesso alle riviste in versione on-line dei periodici presso la piattaforma dell'editore, denominata Wiley library online;
- l'insieme dei servizi che Wiley può, essa sola, concedere alle Istituzioni universitarie e agli Enti di ricerca comprende, in modo indicativo e non esaustivo, l'accesso alla piattaforma di proprietà dell'editore, che consente di effettuare differenti tipi di ricerche anche personalizzabili da parte del singolo utente, il testo pieno dei periodici oggetto del License Agreement, la disponibilità di copie dei dati in formato elettronico, l'accesso a back-file, contenenti annate pregresse dei periodici; la disponibilità di dati statistici d'uso in formato standard;
- il complesso dei servizi offerti tramite la licenza è da considerarsi come un *unicum*, in quanto solo ed esclusivamente Wiley può fornirli e non sussistono condizioni e o proposte alternative sul mercato offerte da altri operatori economici che possano concorrere con prodotti e servizi con le stesse caratteristiche proposte da Wiley;
- tale unicità è stata accertata anche attraverso una analisi del mercato, che ha confermato che non sono presenti sul mercato di riferimento soggetti che possano fornire in regime di concorrenza l'accesso alle risorse elettroniche contenute in Wiley online Library, che ne dispone in via esclusiva. La CRUI ha accertato l'unicità e l'esclusività tramite propria indagine di mercato e

mediante comunicazione dell'Account Sale Manager trasmessa a CRUI nel corso dei negoziati.

- ne consegue alla luce di quanto sopra che, verificandosi le condizioni previste dall'art. 57 comma 2 lett. b) del d. lgs. n. 163 del 2006 per ricorrere ad una procedura negoziata senza pubblicazione preventiva di un bando di gara, in quanto sussistono ragioni di natura tecnica o artistica ovvero attinenti alla tutela di diritti esclusivi, il contratto possa essere affidato unicamente ad un operatore economico determinato;

Wiley si pone attualmente e in modo certo come l'unico soggetto con il quale CRUI ha potuto negoziare per acquisire i servizi citati Wiley;

l'Università, nella propria autonomia, conviene di sottoscrivere la presente Convenzione con la CRUI per consentirle l'esecuzione complessiva del contratto e il monitoraggio della fornitura;

il nuovo Accordo con Wiley dovrà soddisfare il fabbisogno di accesso alle risorse elettroniche degli Enti aderenti, e dunque anche dell'Università degli Studi di Ferrara in modo da offrire le prestazioni essenziali per l'esercizio della ricerca e della didattica da parte degli Enti aderenti;

nell'incontro avvenuto presso la sede della CRUI a Roma il 20 novembre 2012 i Team negoziali Wiley e CRUI, hanno concordato un'intesa commerciale per l'accesso ai periodici elettronici contenuti in Wiley interscience e ai servizi connessi che è stata ritenuta vantaggiosa e congrua per i suoi contenuti commerciali, economici e tecnici;

alla luce della proposta di cui sopra la CRUI procederà ad affidare a WILEY, per un periodo contrattuale dal 01.01.2013 al 31.12.2015 licenza per l'accesso alle risorse elettroniche Wiley online library e ai suoi servizi connessi come proposti dalla stessa Wiley;

tra i Team negoziali di CRUI e di Wiley, dopo lunga e complessa trattativa, è stato raggiunto dai responsabili dei rispettivi Team negoziali una Proposta di Accordo, che viene sottoposto alle Università ed agli Enti aderenti, per consentire di pervenire alla sua definizione nel loro interesse;

la Proposta di licenza, nel testo concordato viene allegata alla presente Convenzione. L'Università di Ferrara dà atto e dichiara di averne preso atto anche nelle disposizioni particolari; in particolare prende atto che gli impegni che verranno assunti reciprocamente dalle parti sottoscrittrici della licenza definitiva sono assunti nell'interesse e per conto delle singole Università e degli Enti di ricerca interessati e dunque in particolare anche di essa Università;

l'Università di Ferrara, nella propria autonomia, ritiene conveniente aderire alla licenza definita nella proposta presentata e concordata tra CRUI ed Wiley alle condizioni e con le modalità in esso indicate; così come deliberato da Decreto Rettoriale Rep. n. 379 Prot. n. 7449 del 28-03-13;

la presente Convenzione definita tra la CRUI e l'Università di Ferrara, è espressamente finalizzata a consentire la gestione da parte della CRUI della partecipazione dell'Università alla licenza definitiva con Wiley e di conseguenza all'accesso ai prodotti e servizi Wiley.

la presente Convenzione prevede in particolare che:

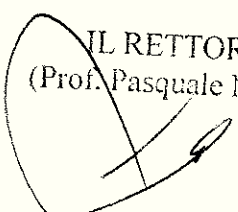

- l'Università di Ferrara, ha preso atto della licenza tra CRUI ed Wiley che CRUI firmerà con Wiley per conto proprio e per conto degli Atenei ed Enti di ricerca che intenderanno aderirvi, tra i quali essa Università;
- l'Università di Ferrara, unitamente agli altri Atenei ed Enti di ricerca nonché alla CRUI, sono indicati nella licenza come licenziatari;
- di conseguenza l'Università di Ferrara, si impegna direttamente a rispettare tutti gli impegni che la CRUI assumerà nei confronti di Wiley con la licenza definitivo stesso, mentre nello stesso tempo prende atto degli impegni che Wiley prende nei loro confronti di essa Università per consentirle l'accesso ai prodotti e servizi oggetto della licenza;
- in modo specifico l'Università assume l'impegno di anticipare a CRUI gli specifici importi necessari affinché la CRUI possa pagare a Wiley quanto ad essa dovuto alle scadenze e con le modalità pattuite nella licenza e riportate nella presente Convenzione, prevedendo penali e sanzioni in caso di ritardo;
- nel caso in cui l'Università dovesse per qualsiasi motivo tardare nel mettere a disposizione della CRUI gli importi dovuti per pagare Wiley alle scadenze previste, è previsto che Wiley possa rivalersi direttamente nei confronti del soggetto inadempiente e dunque dell'Università, senza avere nulla da richiedere, pretendere o esigere né dalla CRUI né da tutte le altre istituzioni che risultino adempienti per i propri corrispettivi.

Tutto ciò premesso, le parti convengono quanto segue.

1. Le premesse e gli allegati fanno parte integrante e sostanziale della presente Convenzione.
2. L'Università di Ferrara, ha preso atto della Proposta di licenza presentato da CRUI nell'interesse dell'intero sistema universitario nazionale, licenza che l'Università dichiara di ben conoscere e che intende attivare, dando espressa autorizzazione alla CRUI a sottoscrivere la licenza definitiva così come proposta.
3. L'Università di Ferrara, consapevole del fatto che gli impegni indicati nella licenza sono stati sottoscritti dalla CRUI per conto delle Università Italiane, ed in particolare anche nell'interesse di essa Università, si impegna a rispettare tutti gli obblighi indicati nella licenza stessa, nessuno escluso.

In particolare l'Università si impegna a rispettare tutte le clausole operative previste nella licenza, impegnandosi altresì a tenere informata la CRUI di ogni eventuale difficoltà che essa Università dovesse incontrare.

IL RETTORE
(Prof. Pasquale Nappi)

4. Al fine di consentire alla CRUI la gestione operativa della licenza Wiley, ed in particolare di effettuare, alle scadenze pattuite, i pagamenti dovuti ad Wiley, l'Università si impegna ad effettuare, entro e non oltre 30 giorni dalla data della nota di debito emessa dalla CRUI, un bonifico a favore della CRUI, dell'importo che verrà indicato dalla CRUI stessa a seguito di quanto fissato nella licenza e nei suoi Allegati, tenuto conto di quanto richiesto dall'Università. Le coordinate bancarie del conto di riferimento saranno comunicate dalla CRUI.
Nel bonifico dovrà essere riportato il numero di CIG: 5001496510.
La CRUI previo ricevimento della fatturazione, da parte di Wiley, nei termini concordati si impegnerà a versare a Wiley gli importi dovuti tramite bonifico.
5. La CRUI emetterà per l'anno 2013 nel mese di maggio, e per gli anni 2014-2015 nel mese di aprile di ciascun anno, una nota di debito per l'importo relativo alla quotazione del contratto e una nota di debito relativa alla copertura delle spese di gestione e manutenzione.
6. In caso di ritardo nel pagamento, verranno applicate all'Università di Ferrara, le medesime condizioni previste nella licenza ed applicate da Wiley.
L'Università di Ferrara, comunque prende atto ed acconsente a che, nel caso in cui per ritardi nei pagamenti ad essa stessa addebitabili, la CRUI dovesse incontrare difficoltà e/o ritardi nei pagamenti dovuti ad Wiley, la CRUI possa informarne Wiley ed Wiley stessa possa procedere direttamente nei confronti di essa Università inadempiente, senza avere nulla da richiedere, pretendere o esigere né dalla CRUI né da tutte le altre Università ed Enti che abbiano partecipato alla licenza e che risultino adempienti per quanto di loro competenza.
7. Nel caso in cui, per qualsiasi motivo, l'Università di Ferrara, ritenga negli anni 2014- 2015 di rinunciare ai prodotti ed ai servizi Wiley o di modificarne le quantità, l'Università si impegna a segnalare tale eventualità alla CRUI non oltre il mese di novembre di ciascun anno, per consentire alla CRUI stessa di comunicarlo ufficialmente ad Wiley.
L'Università è consapevole del fatto che, nel caso in cui la comunicazione non dovesse arrivare alla CRUI in tempo utile per consentirle di fare nei confronti di Wiley la corrispondente comunicazione nel termine stabilito contrattualmente, la clausola di recesso dal contratto non potrà essere invocata e l'Università sarà tenuta a pagare gli importi pattuiti.
8. L'Università prende atto ed acconsente che la CRUI, in sua piena autonomia, affidi alla Fondazione CRUI, tutte o parti delle attività di gestione della licenza con Wiley, sopportandone i relativi costi. Di conseguenza Fondazione CRUI intratterrà con le università – e dunque anche con essa Università – i necessari rapporti. Gli impegni che l'Università assume nei confronti di Fondazione CRUI sono assunti con la pienezza di responsabilità come se fossero assunti con la stessa CRUI.
9. L'Università, preso atto dell'attività svolta e da svolgere da parte della CRUI e/o della Fondazione CRUI per la conclusione, gestione e manutenzione della licenza con Wiley, partecipa alle spese che la CRUI ha sostenuto e dovrà sostenere mediante:

- un contributo di adesione annuale di € 1.500;

PROPOSAL FROM **WILEY**
FOR ACCESS TO JOURNALS AVAILABLE IN WILEY ONLINE LIBRARY

**Gruppo di Coordinamento per l'Accesso
alle Risorse Elettroniche**

(CARE)

19 November 2012

1. Introduction

Wiley has developed this proposal for 2013-15, which we believe takes into account the seriousness of the Italian economic situation and of the situation faced by Italian HE in particular, and at the same time recognises the needs of the various research and student communities we collectively aim to serve.

In the past 10 years institutions under contract in Italy have seen a combined average price increase per title of 3.8%. Over the same period, the average increase in the number of titles available per institution has seen a dramatically higher growth. The total number of downloads from licensed academic customers in Italy in 2011 was 2,400,000.

Our objective in constructing this proposal is to offer equitable pricing, enhanced flexibility and choice. Features of this offer include

- Pricing that allows members to spend less if they need to and remain in the agreement
- Customer retention of access to journals available in 2012
- Flexibility for individual members to choose what options work best for them based on their particular circumstances
- Options for participants to opt out of and later rejoin the agreement

We also believe that the pricing we are able to offer here, coupled with the stated intention to move to 'e-only' among those few who have not already done so, gives institutions flexibility to cover increases in VAT (versus their probably reduced print collection costs).

We look forward therefore to clarifying further with you any aspects of this offer in the near future and that you will be able to accept the offer. It is of paramount

importance that agreement is reached as soon as possible to avoid parallel discussions developing, so we would like to set a target date of 30th November for CARE's official approval of the Wiley offer for 2013. We would then need individual participating members to also communicate their agreement to the offer by 15th December 2012. This request to member institutions is for approval in principle, enabling all parties to proceed; Wiley accepts that only the signed Invoice Agreement Letters at the end of the renewal process will represent final acceptance for member institutions.

2. Current Status Summary

Current licensed members: 60

2012 Total fees (all 60, combined): €7,840,177*

These totals include all electronic fees but do not include DDP or any other print invoiced.

*2013 values will be the result of applied price caps, swaps, cancellations, and transfers from other publishers

3. 2013 Journal Offer

The structure of the offer is basically the same as that of the current license. Participants continue to subscribe to the journals in their Core Collection and are entitled to a number of benefits including the ability to have access to unsubscribed journals via one of Wiley's Standard Collections. This offer is applicable to Consortium customers and Licensed out of Consortium customers.

Key features of the offer:

3 year agreement covering 2013 – 2015

Format: E-only

Core Collection of subscribed journals

- Price increase of 0% per annum for each of 2013, 2014 and 2015 (current Italian inflation rate is 3.3%).
- Swapping allowance of 20% maximum of the core value per annum, including duplicates. Titles being swapped into Core Collection lists will be charged at the 2013 Full Institutional rate. The swapping allowance can be applied to titles outside of the subscribed Core Collection, so allowing access to content previously not licensed
- Cancellation allowance:
 - 0% in year one
 - 3% in year two
 - 2% in year three

The cancellation allowance is available subject to the retention in the prior year of at least 90% of the total combined contract values of the institutions under consortium license in the prior year.
The allowance can be pooled (therefore some institutions cancelling a potentially substantial level of holdings) or used at institutional level for a

maximum allowance fixed at 3% in year three. This can be arranged on a per consortium basis, e.g. CIBER members can allocate their share of the combined cancellation allowance amongst its members if this is preferable and Wiley can confirm these amounts if requested. CARE will need to express its preference regarding cancellation allowance pooling before the start of the contract

- Take-on titles acquired in 2012 for 2013, and in the following years, from other publishers will be included in the 2013 quotes and subsequent years. However, Wiley will not oblige institutions to retain these take-on titles.. Where a take-on title is not retained, its cancellation will not form part of the cancellation quota.
- Other terms pertaining to Core Collections remain the same

Standard Collections for access to unsubscribed titles

	List price (EUR)	# of Titles
Full	1,510,683	1,371
STM	1,205,178	788
SSH	305,505	583
ST	877,836	470
M&N	365,806	381

University FTE Teaching Hospitals beds	10000<	40000<	>40000
	800<	1000<	>1000
Cost of unsubscribed content available via a standard collections expressed as a % of list price	1%	1.5%	2%

- Fees applied to each institution based on historical spend
- Access to individual institutions will be provided to the same content licensed individually in 2012
- Price increase of 0% per annum for each of 2013, 2014 and 2015
- Members who wish to migrate to the 2013 Standard Collections can opt to do so at a cost that is directly proportional at the value of the additional content acquired. This will give users access to approximately 180 additional titles (versus '2010'). As an example if a large institution migrating from the 2010 Full collection to the 2013 full collection acquires 180 titles for €180,000 will be quoted an additional fee of 2% of €180,000, €3600. A small one migrating from the same 2010 collection will be charged 1% of €180,000. Files providing exact information regarding the precise list of titles , value acquired for each upgrade will be provided
- Members can choose which Standard Collection they wish to license – Full, STM, SSH, ST or M&N – or none at all - increasing or reducing access to unsubscribed content to manage budget restrictions. CILEA, CIPE and CIBER consortia currently license the 2010 or 2012 Full Collections.

Member Choice

CARE members participating in this agreement have a range of choices they can make that will impact their overall fees.

The Standard Collection 0% price increase assumes 'like for like' selection year on year of Standard Collections. Customers wishing to move from either M&N, SSH or STM in 2011 to FULL in 2013 will pay an additional 'unsubscribed content' fee. The same principle as the upgrade options apply

The grid below describes this scenario, which applies the 5 members not currently taking a Full Collection as well as to customers not currently licensed

In this case, only the additional unsubscribed content gained via the Collection upgrade will be charged, and this will be calculated at 2%, 1.5% or 1% of the unsubscribed content value according to members' respective FTE numbers. These percentages will remain in place for collection upgrades in 2014 and 2015.

Members can opt to move from the Full Collection to a smaller Standard Collection based on their current fee calculation. There is no penalty.

Members opting to forgo unsubscribed access via a Standard Collection can do so without penalty. Should they wish to relicense access in a subsequent year, they can do so at a price based on the fee paid in their final year of licensed access to current content, plus the price increases in the intervening year(s).

Members experiencing significant library budget cuts, of 25% or more over the current and previous budget years (2 budget years) combined, will be permitted to reduce the value of their Core Collection by up to 15% in 2013, with a price-increase of 0% applied on the remaining titles. Access to the collection would be foregone under this option and so no collection fee would be payable. Overall savings would typically be between 20% and 25% under this option. There would be no permitted cancellation allowance in years 2 and 3. To reach agreement on such a reduction, Wiley firstly requires an official letter from the university chancellor stating that the university's library or information budgets are subject to a 25% (or higher) cut for the past 2 years impacting the 2013 subscription renewals.

Within this 15% maximum reduced Core Collection value, members can license a number of titles acquired previously via the Standard Collection or acquire a choice of new subscribed titles, in both cases at list price for 2013. The price cap of 2.5% would then be applicable in the subsequent years. This option is only available upon request and is subject to submission of appropriate documentation to evidence year on year budget reduction.

Members experiencing significant budget reductions will be able to "opt out" of the license agreement at the end of a calendar year without penalty. Perpetual access rights would be as follows:

Core Collection – perpetual access from 1997 (in most cases) up to the date of cancellation

Standard Collection - perpetual access to collection titles for 'paid for years'

Cancelling members can re-join in a later year under the terms they would have enjoyed had they remained in the agreement, provided they achieve a level of spend equivalent to what they would have paid had they remained under license. Wiley is also open to negotiating re-entry on a case-by-case basis for former members with substantially reduced resources or refocused research needs.

Brand new licensed subscribers

CARE institutions who currently do not license content with Wiley can join the agreement in FY13. Brand new customers or returning customers will need a case by case evaluation that will take account of current financial conditions, historic spending levels and research intensity that might determinethe Core Collection cost if the current one is considered undervalued. If no adjustment is required the first year, the quote will see a price cap of 0% applied against value of the prior year's subscriptions.

Standard collections will offered for an unsubscribed content fee calculated as follows:

University FTE	10000<	40000<	>40000
Cost of unsubscribed content available via a standard collection expressed as a % of list price	1%	1.5%	2%

The proposal is valid only for institutions invoiced before the 15th of April.

This proposal requires that an acceptable Payment Plan between Wiley and CARE members is agreed, covering all 2013 payments due.

Deep Discount Print

Members wishing to do so may purchase print subscriptions at the prevailing deep discount rates. For 2013 this will be 15% of list price (85% discount).

- e. The Licensee's library staff may supply to another library, upon request by that library, either a single paper copy (by post or fax) or an electronic copy of an individual document from the Licensed Electronic Products, for the purpose of research or private study. The electronic copy must be supplied by secure electronic transmission (like Ariel or Nilde or its equivalent) and must be deleted by the recipient library immediately after printing a paper copy of the document for its user. The Licensee shall not operate such a service on a commercial basis but shall be permitted to recover its direct costs from the recipient library arising from the document supply.
2. Except as provided in Paragraph C.1 above, Authorized Users may not copy, distribute, transmit or otherwise reproduce, sell, or resell material from the Electronic Products; store such material in any form or medium in a retrieval system; or transmit such material, directly or indirectly, for use in any paid service such as document delivery or list serve, or for use by any information brokerage or for systematic distribution, whether or not for commercial or non-profit use, or for a fee or free of charge.
3. The Licensee and its Authorized Users may not remove, obscure or modify any copyright or proprietary notices, author attribution or any disclaimer as they appear on **Wiley Online Library**. Except as provided in Paragraph C.1.d above (course packs), Authorized Users may not integrate material from the Electronic Products with other material or otherwise create derivative works in any medium, apart from adaptations necessary to ensure technical accessibility and usability by reading impaired Authorized Users. However, brief quotations for purposes of comment, criticism or similar scholarly purposes are not prohibited herein.
4. Authorized Users may not do anything to restrict or inhibit any other Authorized User's access to or use of **Wiley Online Library** and the Licensed Electronic Products.
5. If an Authorized User fails to abide by these Terms and Conditions of Use or other terms of this License, Wiley reserves the right in its sole discretion to suspend or terminate such Authorized User's access to **Wiley Online Library** and the Licensed Electronic Products immediately without notice, in addition to any other available remedies. Wiley will notify the licensee of any suspension or termination. Except in the case of a material breach which Wiley deems dangerous to the integrity and security of **Wiley Online Library**, or for a breach which, if not immediately remedied, is likely in Wiley's opinion to continue to cause damage, Wiley shall give prior written notice to the Licensee of its intention to terminate such Authorized User's access and shall allow the Licensee and/or the Authorized User 30 days after receipt of such notice to cure the breach or agree to abide by the terms and conditions of this License.
6. The parties agree to meet regularly during the course of the agreement to ensure the smooth running of the contract and discuss any issues and seek resolution. Training needs will be discussed and arranged as agreed. The appointed Wiley representative at these meetings will be the dedicated
Wiley Account Manager.

D. **FEES AND CHARGES**

1. License Fees and other charges for online access to the Licensed Electronic Products by the Licensee and its Authorized Users, and other services provided by **Wiley Online Library**, are specified in Appendices attached hereto, and shall be due as set forth in the relevant invoice.
2. The Licensee is responsible for any charges associated with accessing Wiley Online Library and the Licensed Electronic Products, including, but not limited to, any computer equipment, telephone or Internet connections and access software. Each Member Institution is only liable for its own fees and charges obligations and Wiley will not take any action against a Member Institution which is acting in compliance with the License Agreement.
3. Wiley shall annually send the Licensee the Invoice Agreement Letters. Upon the Licensee's signature on the Invoice Agreement Letters and payment of fees set forth therein, this License shall apply, or shall renew for the period set forth in the Invoice Agreement Letters. Except as specifically set forth in the Invoice Agreement Letters, the terms and conditions of this Agreement (including updated Appendices) shall continue to apply.

E. **MUTUAL OBLIGATIONS**

1. Wiley will:

- i. make reasonable efforts to ensure uninterrupted online access to and continuous availability of the Licensed Electronic Products to Authorized Users in accordance with this License, and to restore access to such Licensed Electronic Products as promptly as possible in the event of an interruption or suspension of the Wiley Online Library service which is not attributable to any third-party service provider over which Wiley has no control (e.g., an Internet or telecommunications service provider). If the event of service availability falling below 98% (excluding scheduled downtime and events over which Wiley has no control) for any given calendar year, an extension to the contract will be granted in terms of time. So if service availability for any given calendar year is, for example, 97.9% then the extension to the contract at the end of the calendar year would be 0.1% of the calendar year = 0.365 days additional access. If the service availability was 97% for any given calendar year then the additional time added to the license would be 3.65 days.
- ii. provide aggregate usage statistics to the Licensee which are compliant with COUNTER Codes of Practice or conform to the then-prevailing industry standard (except as otherwise specified in the attached Appendices) about the use of the Licensed Electronic Products by the Licensee's Authorized Users, consistent with applicable privacy laws and confidentiality requirements.

2. The Licensee will:

- a. take all reasonable measures to inform Authorized Users of the Terms and Conditions of Use governing access to Wiley Online Library and to emphasize to such Authorized Users the need to comply with whatever restrictions on access, use, reproduction and transmission are included therein;
- b. make access available to Authorized Users only through the Licensee's Secure Network and from valid IP addresses or other secure authentication methods as described in the appropriate Appendix; undertake reasonable measures within its control to prevent access to and improper use of the Licensed Electronic Products and Wiley Online Library by unauthorized persons; and take responsibility for terminating any unauthorized access of which it has actual notice or knowledge;
- c. provide Wiley with information about the Licensee's IP addresses which can be used by Wiley to authenticate Authorized Users. The Licensee represents that all such IP addresses shall be limited to the Licensee's Secure Network, and shall be listed in Appendix A as updated from time to time. The Licensee shall be responsible for ensuring that all IP addresses on Appendix A or otherwise provided to Wiley correspond with the Licensee's IP addresses and are limited to the physical addresses specified in this Agreement. Without limiting the Licensee's obligations hereunder or Wiley's rights and remedies in the event of breach, the Licensee agrees to pay Wiley, if Wiley so elects, for any access to Wiley Online Library for IP addresses, provided by the licenseee, that do not meet the preceding criteria.

- d. use all reasonable efforts to monitor compliance with the Terms of Use and promptly notify Wiley of any copyright infringement or unauthorized usage of the Electronic Products which comes to the Licensee's attention; and cooperate fully with Wiley in the examination of such infringement or unauthorized use and in any action which Wiley takes to enforce its copyright and other Intellectual Property Rights, at Wiley's expense. Notwithstanding the above, the Licensee shall not be responsible for such unauthorized use which is without the express or implied consent of the Licensee, provided that the Licensee has taken reasonable steps to prevent such misuse and, upon learning of it, uses all reasonable efforts to ensure that such activity ceases, and notifies Wiley promptly of any such breach or infringement.

- e. neither the Licensee nor any Authorized User shall have the right to incorporate any material from the Licensed Electronic Products into any institutional or other repository. Author agreements are separately negotiated with Wiley and include provisions about what authors may and may not do with respect to materials authored by them and published by Wiley.

F. **PRIVACY AND DATA PROTECTION POLICY**

Wiley recognizes the importance of protecting the information it collects in the operation of **Wiley Online Library** and will make all reasonable efforts to act in compliance with relevant data protection laws including the Italian Privacy Legislation” (Italian D.Lgs. 196/2003 and later amendments) . Wiley Online Library Privacy Policy is posted at <http://www.wiley.com/WileyCDA/Section/id-301465.html>

G **TERM AND TERMINATION**

1. The Term of this License shall commence on 1st January **2013** and end on 31 December **2015**.
2. Wiley shall have the right to request the Licensee to terminate access to **Wiley Online Library** by an Authorized User who breaches Wiley's Terms and Conditions of Use or infringes the copyright or other Intellectual Property Rights in the Electronic Products or **Wiley Online Library**
3. Either party may terminate this License if the other party materially breaches its obligations under this License and fails to cure such material breach, provided that the non-breaching party shall give written notice of its intention to terminate and shall allow the breaching party 60 days after receipt of such notice to remedy the breach.
4. Notwithstanding subparagraph G.3 above, either party's failure to perform any term or condition of this Agreement as a result of conditions beyond its control such as, but not limited to, war, strikes, fires, floods, governmental restrictions, acts of terrorism, public health emergencies, power failures, or damage to or destruction of any network facilities or servers, shall not be deemed a breach of this Agreement.

H. **WARRANTY AND DISCLAIMERS BY WILEY**

1. Wiley represents and warrants that it has the right and authority to make Wiley **Online Library** available to the Licensee and its Authorized Users pursuant to the terms and conditions of this License and that, to the best of Wiley's knowledge, Wiley **Online Library** and the Electronic Products do not infringe upon any copyright, patent, trade secret or other proprietary right of any third party.
2. Wiley **Online Library** may provide Authorized Users with links to third-party websites. Where such links exist, Wiley disclaims all responsibility and liability for the content of such third-party websites. Authorized Users assume sole responsibility for the accessing of third-party websites and the use of any content on such websites.
3. Except for the warranties provided by Wiley in paragraph H.1 above,
 - a. Wiley Online Library and the electronic products and all materials contained therein are provided on an "as is" basis, without warranties of any kind, either express or implied, including, but not limited to, warranties of title, or implied warranties of merchantability or fitness for a particular purpose;
 - b. the use of the electronic products, Wiley Online Library and all materials is at the authorized user's own risk
 - c. access to Wiley Online Library and the electronic products may be interrupted and may not be error free;
 - d. neither Wiley nor anyone else involved in creating, producing or delivering Wiley online library, the electronic products, or the materials contained in Wiley online library, shall be liable for any direct, indirect, incidental, special, consequential or punitive damages arising out of the authorized user's use of or inability to use Wiley online library, the electronic products and all materials contained therein.
4. Wiley shall indemnify and hold the Licensee harmless from and against any damages, costs and fees (including reasonable attorney's fees) resulting from any judgment against the Licensee arising out of the claim of a third party that Wiley's license of the Licensed Electronic Products or the Licensee's use thereof constitutes an infringement of any copyright, patent, trade secret or other proprietary right of any such third party. This indemnity shall survive termination of the Agreement for Five (5) years. This indemnity shall not apply if the claim involves content which has been modified or used in a manner not permitted under this Agreement or if the Licensee has failed to comply with other material terms of this Agreement.

The Licensee shall give prompt notice of an infringement claim to Wiley, shall provide such cooperation and assistance to Wiley as is reasonably necessary to defend the claim, and shall allow Wiley to have the sole control of the defense, provided, however, that the Licensee retains the right to participate in the defense at its own expense.

I. **CONFIDENTIALITY PROVISIONS**

1. While negotiating this Agreement and during the Term thereafter, Wiley may provide the Licensee with certain information which may be oral or written (including information in electronic format), which is deemed confidential. For the purposes of this Agreement, Confidential Information is defined to include, but is not limited to, the terms and conditions of this Agreement that have been negotiated, such as financial terms, the substance of all negotiations relating thereto, all information pertaining to Wiley Online Library which is proprietary to Wiley, and any other material which has either been marked "confidential" by Wiley or which, by the nature of the circumstances surrounding the disclosure, would be understood to be confidential by a reasonable party.
2. Confidential Information shall be used by the Licensee solely for the purposes of negotiating and implementing this Agreement. The Licensee agrees to take reasonable care to protect the Confidential Information from disclosure to third parties and to limit disclosure of the Confidential Information to those employees or contractors of the Licensee including affiliates of the Licensee who have a need to know in connection with this Agreement, and who have been made aware of, and agree to abide by, these restrictions. When disclosure is legally mandated, the parties will use, whenever possible, a version of the Agreement without Confidential Information.

J. **GENERAL PROVISIONS**

1. Neither party shall assign the whole or any part of the Agreement without the prior written consent of the other party, provided that the Provider can assign the Agreement to a group company.
2. In the event of a material breach of the terms and conditions of this Agreement by either party, the non-breaching party shall be entitled, in addition to any other remedies available pursuant to this Agreement or at law, to equitable, including injunctive, relief.
3. Any notice, request, statement or other communication to be given hereunder to any party shall be in writing addressed to the party as follows:

No modification, amendment, or waiver of any provisions shall be valid unless in writing and executed by the parties. Any waiver in one or more instances by either of the parties of any breach by the other of any terms or provisions contained in this Agreement shall not be considered a waiver of any succeeding or preceding breach. In the event that any clause of this Agreement is determined to be void or unenforceable, the remainder of the Agreement shall survive.

5. Wiley agreed to comply with all obligations regarding the Italian Law covering traceability of financial flows in “art. 3 of Act 136 of 2010” and subsequent amendments and additions.

All financial transactions must be carried out on dedicated accounts and must be carried out exclusively through a bank account, post office account or by any other means of collection or payment that guarantees the full traceability of the financial transactions.

Wiley shall notify the Licensee, within 7 days from opening of the allocated account or, in case that the bank account already exists, within 7 days after they are first used in financial transactions relating to the license.

Details are required confirming the dedicated bank or postal account to be used along with the authorised users of such accounts. Any subsequent changes to these details must be communicated as appropriate.

The use of different payment procedures not compliant with Italian law that do not enable the full traceability of operations is cause for immediate resolution of this Agreement pursuant to art. 3, paragraph 9 bis of Law no. 136 of 2010.

Wiley agrees to immediately report to the Prefecture- Local Government in Rome any information regarding the failure to comply with the above traceability obligations

In the event of any conflict between the terms of an Appendix or any Invoice Agreement Letter as defined in Paragraph D.4. above and the terms of this Agreement, the terms of the Appendix or Invoice Agreement Letter shall govern.

K OPT OUT CLAUSE

Member institutions of the Agreement are given the possibility of opting out during the term of this Agreement, if they encounter serious and unexpected financial difficulties. If this occurs, their share of the consortium participation will be deducted from the base value and the fees in Appendix B (c) with the remaining Member Institutions fees not being changed. The Licensee will promptly provide Wiley with information that will enable Wiley to ensure that any Member Institution that opts out only retains access to Licensed Electronic Publications for the year(s) they have subscribed to (or have archival rights to). Notice of such termination must be given by 30 November of the preceding year in writing. Termination of a Member Institution must take effect on January 1st of a calendar year. No fees already received by Wiley will be returned to the Member Institution.

APPENDIX B (a) – LICENSED ELECTRONIC JOURNALS - CORE COLLECTIONS OF SUBSCRIBED TITLES

Licensee: CRUI

Final Proposal Document attached as Appendix O

The Core Collection is defined herein as the complete collection of Wiley journals to which the Licensee subscribes and will pay full rate institutional online only subscription fees to obtain online access.

Archival Access: During the term of this License, Wiley will provide the Licensee with access to current electronic files of the journals in the Core Collection and retrospective content, generally back to 1997, depending on the start date of online publishing by Wiley, as well as tables of content, abstracts, full text and illustrations and any additional electronic journal content not included in the print versions of the journals, but not materials included in Backfiles.

Perpetual Access: Upon termination of this License, Wiley will provide the Licensee with perpetual access to current electronic files of the journals in the Core Collection and retrospective content, generally back to 1997, depending on the start date of online publishing by Wiley, as well as tables of content, abstracts, full text and illustrations and any additional electronic journal content not included in the print versions of the journals, but not materials included in Backfiles where Wiley has the rights to deliver this. Wiley, in its discretion, will either continue online access to the same material on Wiley's server or provide an archival copy for use within the Licensee secure network in the electronic medium agreed to by both parties. At the end of each calendar year, Wiley will provide an archival file, as outlined above, of any journal(s) in the Core Collection which has been transferred to another publisher or sold to a third party, where Wiley has the rights to deliver this. Wiley will charge the Licensee at a rate of Euros 10 per journal for providing the archival copy

By providing such access Wiley grants to the Licensee a nonexclusive, royalty-free, license to use such material in accordance with the restrictions on use specified in Paragraph C of the Agreement, which restrictions shall survive any termination of the Agreement.

Pricing:

(a) Year 1 (2013)

1. Core Collection Fee = 100% of current holdings value based on the previous year full rate institutional online only price or 2012 licensed core value plus the price cap of 0%. Holdings are determined based on all full rate institutional subscriptions held by the Licensee in the year prior to the first year of the License. This is applicable also to titles previously subscribed with a publisher other than Wiley
2. Total Core Collection Fee =

(b) Year 2 (2014) and subsequent years

1. Core Collection Fee = 100% of the previous year's Core Collection fee plus a price increase based on the average journal price increase but not to exceed the Price Increase Cap specified below, plus any adjustments for new, cancelled or deleted Electronic Journal titles.
2. Price Increase Cap: 0%
If the average aggregate Wiley journal price increase for a calendar year is less than the Price Increase Cap, the lower percentage will be applied.

The following titles are not available via this Agreement: *Econometrica*, *Quantitative Economics*, *Theoretical Economics* and *The Journal of the European Economic Association*. However, they may be ordered via Wiley's Journals Customer Service department at cs-journals@wiley.com.

Crisis option

Members experiencing significant budget cuts, of 25% or more versus previous two years, will be permitted to reduce the value of their Core Collection by up to 15% in 2013, with a price-increase of 0% applied on the remaining titles. Access to the collection would be foregone under this option and so no collection fee would be payable. There would be no permitted cancellation allowance in years 2 and 3. To reach agreement on such a reduction, Wiley firstly requires an official letter from the university chancellor stating that the university's library or information budgets are subject to a 25% (or higher) cut for the budget year impacting the 2013 subscription renewals.

Within this 15% maximum reduced Core Collection value, members can license a number of titles acquired previously via the Standard Collection or acquire a choice of new subscribed titles, in both cases at list price for 2013.

The price cap of 0 % would then be applicable in the subsequent years. This option is only available upon request and is subject to submission of appropriate documentation to evidence year on year budget reduction.

This option is available also for the subsequent years of the contract

New Titles from 2013:

New Titles can be added under the following terms and conditions:

1. The Licensee may add new journals to its Core Collection at the full-rate institutional online only subscription price.
2. Subscriptions to titles transferred into Wiley from another publisher will be added to the Licensee's Core Collection in the first year of transfer if the Licensee has a subscription at the time the title is transferred. Member institutions are responsible for subscriptions transferred to Wiley and these will be included in the price quote sent to the Licensee. However, in the event that a member institution fails to renew its subscriptions to such titles, Wiley will not consider this a material breach on the part of the Licensee. For the avoidance of doubt, failure to renew shall lead to terminated access to the subscription title for the member institution. Subscriptions to titles transferred out of Wiley will be deleted from the Licensee's Core Collection in the year of transfer.
3. The Licensee may add previously cancelled titles at the current full-rate institutional online only subscription price to its Core Collection.
4. Wiley reserves the right to exclude titles from inclusion in the Standard Collections; however, these titles may be added to the Licensee's Core Collection. A list of titles excluded from the Standard Collections can be found in Appendix B(d).

Electronic Journal Subscription Maintenance, Swapping and Cancelling:

The Licensee may swap subscribed online journals in the Core Collection without penalty provided that such changes do not exceed 20% of the value of the total Core Collection for any calendar year. These changes will be reflected in amendments to this Appendix. Swapping will be accepted at the title level or for duplicate subscriptions. Swapping will only be accepted on a calendar year basis and Wiley must be notified of any changes in writing no later than the preceding November 1st.

In addition, the Licensed Member Institutions may cancel licensed electronic products as a result of research program changes without penalty provided that such changes take effect on January 1st for the affected titles, and do not exceed:

0% in 2013
3% in 2014
2 % in 2015

of the value of the licensed core value in a given calendar year (cancellations will be reflected in amendments to the appendices). Cancellations will only be accepted on a calendar year basis and Wiley must be notified by Licensee no later than November 1st of any subsequent year cancellations. Cancellation allowance might be pooled between associated members

Wiley may, from time to time, cease publication of individual journals in which case the journal(s) will be removed from the Licensee's Core Collection, and the fees associated with the journal(s) will no longer be factored into the Core Collection Fee.

Print Subscription Pricing:

The Licensee can purchase print subscriptions to Licensed Electronic Journals which the Licensee subscribes to via a Core Collection and Standard Collection at a deeply discounted rate that in 2013 this will be 15% of list price (85% discount). This does not apply to:

1. Titles new to Wiley Online Library unless subscribed to in the Licensee's Core, Standard, Collection.
2. Titles not subscribed to by the Licensee, unless added to the Licensee's Core, Standard Collection.
3. Titles not available via Wiley Online Library.
4. Titles published in online-only format by Wiley.

Print subscriptions available through any Print on Demand option are not eligible for a deeply discounted rate.

Print subscriptions, other than subscriptions for titles available from Wiley in online-only format, should be ordered directly via the Wiley Customer Services department, or through an agent.

Pricing for additional new members

Institutions who currently do not license content with Wiley can join the agreement in 2013 and in the following years under terms and conditions outlined in Appendix O

Member Choice

CRUI members participating in this agreement have a range of choices they can make that will impact their overall fees.

The Standard Collection 0% price increase assumes ‘like for like’ selection year on year of Standard Collections. Customers wishing to move from either M&N, SSH, or STM in 2012 to FULL in 2013 will pay an additional ‘unsubscribed content’ fee. The grid below for new members can be applied to this scenario.

In this case, only the additional unsubscribed content gained via the Collection upgrade will be charged, and this will be calculated at 2%, 1.5% or 1% of the unsubscribed content value according to members’ respective FTE numbers. These percentages will remain in place for collection upgrades in 2014 and 2015.

Members can opt to move from the Full Collection to a smaller Standard Collection based on same fee calculation used for upgrades. There is no penalty.

Members opting to forgo unsubscribed access via a Standard Collection can do so without penalty. Should they wish to relicense access in a subsequent year, they can do so at a price based on the fee paid in their final year of licensed access to current content, plus the price increases in the intervening year(s).

Standard Collection pricing for new Members

Standard collections will offered for an unsubscribed content fee calculated as follows:

University FTE	10000<	40000<	>40000
Cost of unsubscribed content available via a standard collection expressed as a % of list 2013 price	1%	1.5%	2%
Hospital beds	800<	1200<	>1200
Cost of unsubscribed content available via a standard collection expressed as a % of list 2013 price	1%	1.5%	2%

4. Standard Collection pricing will be calculated as a percentage of the current full rate institutional online only subscription price of the unsubscribed titles in the Collection. The percentage is set based on the Licensee’s number of FTEs, and the value of the Licensee’s Core Collection. For this purpose FTEs are defined as full-time enrolled students. For hospitals is set according to their hospital beds. Each institution has the option to upgrade to the most recent collection. The fees will be calculated as a percentage of the current full rate institutional online only subscription price of the unsubscribed titles taken in addition via the new collection. The percentage applied is described above
5. Research centres Collection pricing will be calculated case by case

Standard Collections for access to unsubscribed titles

	List price 2013(EUR)	# of Titles 2013
Full	1,510,683	1,371
STM	1,205,178	788
SSH	305,505	583
M&N	457,500	403
ST	305,505	583

Adding and Deleting Titles from a Standard Collection

Each year after the first year of the License, Wiley may offer a package of new titles which the Licensee may opt to add to the licensed Standard Collection(s). The price will be calculated at a percentage of the full rate institutional online only subscription fee for the unsubscribed titles in the package.

Wiley may, from time to time, cease publication of individual journals in which case the journal(s) will be removed from the Licensee's Standard Collection, and the fees associated with the journal(s) will no longer be factored into the Standard Collection Fee.
